Unless expressly indicated otherwise, the terms and expressions used herein have the same meaning as given to them in the terms and conditions of the Comparable Floating Securities (the “**Comparable Floating Securities Conditions**”) and/or the terms and conditions of the Comparable Fixed Securities (the “**Comparable Fixed Securities Conditions**”) and together with the Comparable Floating Securities Conditions, the “**Terms and Conditions of the Securities**”).

The Securities are perpetual securities and have no fixed redemption date. However, the Comparable Floating Securities and the Comparable Fixed Securities may (subject to the prior approval of the Dutch Central Bank) be redeemed in whole, but not in part, at the option of the Issuer, at their principal amount of €1,000 per Comparable Floating Security and €100 per Comparable Fixed Security, in each case together with any Outstanding Payments, on the Coupon Payment Dates falling on 26 October 2009 in the case of the Comparable Floating Securities and 30 September 2009 in the case of the Comparable Fixed Securities, or any Coupon Payment Date thereafter.

The Comparable Floating Securities will bear interest from (and including) the Issue Date at a rate equal to 2.30 per cent. per annum above Three Month EURIBOR (as defined in Condition 19 of the Comparable Floating Securities Conditions) payable quarterly in arrear on 26 January, 26 April, 26 July and 26 October in each year starting 26 October 2009, subject to Conditions 4 and 5 of the Comparable Floating Securities Conditions. The Comparable Fixed Securities will bear fixed interest from (and including) the Issue Date at a rate of 6.25 per cent. per annum payable quarterly in arrear on 31 March, 30 June, 30 September and 31 December in each year starting 30 September 2009, subject to Conditions 4 and 5 of the Comparable Fixed Securities Conditions.

Payments of interest (but not principal) on the Securities may be deferred, as more fully described in Condition 4 of the Terms and Conditions of the Securities, but any Deferred Coupon Payment (as defined in Condition 19 of the Terms and Conditions of the Securities) will immediately become due and payable if the Guarantor makes any payment on or purchases or redeems its Junior Securities or Parity Securities (both as defined in Condition 19 of the Terms and Conditions of the Securities). All payments to holders of the Securities will be made in cash only but to the extent that the Issuer does not otherwise have funds available to make such payments, the moneys to satisfy such Deferred Coupon Payment may only be raised by the issue of Payment Capital Securities (as defined in Condition 19 of the Terms and Conditions of the Securities) equal to the amount of the relevant Deferred Coupon Payments.

The Securities constitute direct, unsecured and subordinated securities of the Issuer as described in Condition 2 of the Terms and Conditions of the Securities.

The payments of all amounts due in respect of the Securities will be unconditionally and irrevocably guaranteed on a subordinated basis by ASR Levensverzekering N.V. (the “**Guarantor**”). See “*Description of the Subordinated Guarantee*”.

This Prospectus has been approved by the Netherlands Authority for the Financial Markets (‘*Stichting Autoriteit Financiële Markten*’) (the “**AFM**”), which is the Netherlands competent authority for the purpose of Directive 2007/71/EC (the “**Prospectus Directive**”) and relevant implementing measures in the Netherlands, as a Prospectus issued in compliance with the Prospectus Directive and the Prospectus Regulation and relevant implementing measures in the Netherlands for the purpose of giving information with regard to the issue of the Securities. Application has been made for the listing of the Securities on Euronext Amsterdam by NYSE Euronext (“**Euronext Amsterdam**”). Euronext Amsterdam is a regulated market for the purposes of Directive 2004/39/EC (the Markets in Financial Instruments Directive). It is anticipated that the Comparable Floating Securities will be quoted as a percentage of their principal amount of €1,000 and that the Comparable Fixed Securities will be quoted as a percentage of their principal amount of €100.

The Comparable Floating Securities and the Comparable Fixed Securities are expected to be assigned, on issue, a rating of BBB by Standard & Poor’s Rating Services, a division of the McGraw-Hill Companies, Inc and a rating of BBB+ by Fitch Ratings Ltd. As defined by Standard & Poor’s Rating Services, an obligation rated “BBB” means that the obligation exhibits adequate protection parameters. However, adverse economic conditions and changing circumstances are more likely to lead to a weakened capacity of the issuer to meet its financial commitment on the obligation. As defined by Fitch Ratings Ltd., a rating of “BBB” means an obligation which has good credit quality and that there is currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. This is the lowest investment grade category assigned by Fitch Ratings Ltd.

A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the relevant rating organisation.

The Comparable Floating Securities will be issued in bearer form and shall have denominations of €1,000 each. The Comparable Fixed Securities will be issued in bearer form and shall have denominations of €100 each. The Global Securities will each be deposited with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* (“**Euroclear Netherlands**”) and purchase transactions will be cleared through Euroclear Netherlands participants including Euroclear Bank SA/NV (“**Euroclear**”) and Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”). Neither of the Global Securities will be exchangeable for definitive Securities in bearer form.

The Securities are being issued in connection with of an exchange offer and consent solicitation which is being made by the Issuer to the holders of the €400,000,000 Floating Rate Noncumulative Guaranteed Trust Capital Securities (ISIN: USU3456R1006) issued by Fortis Floating Rate Capital Funding Trust, the €200,000,000 Fixed Rate Annual Noncumulative Guaranteed Trust Capital Securities (ISIN: USU3456N1091) issued by Fortis Fixed Rate Capital Funding Trust and the €50,000,000 Fortis Fixed Rate Quarterly Noncumulative Guaranteed Trust Capital Securities (ISIN: USU3456P1040) issued by Fortis Fixed Rate Quarterly Capital Funding Trust (together the “**Trust Securities**”) (the “**Exchange Offer**”). The terms and conditions of the exchange offer are set out in an exchange offer and consent solicitation memorandum dated 17 July 2009 (the “**Exchange Offer and Consent Solicitation Memorandum**”).

The issue of the Securities is conditional upon the satisfaction or waiver by the Issuer of the Exchange Offer Conditions (as defined in the Exchange Offer and Consent Solicitation Memorandum).

Status and Subordination

The Securities constitute direct, unsecured and subordinated securities of the Issuer and rank *pari passu* without any preference among themselves. The rights and claims of the Holders under the Securities are subordinated to the claims of Senior Creditors of the Issuer, present and future.

Status of the Guarantee

The Guarantee constitutes direct, unsecured and subordinated obligations of the Guarantor. The rights and claims of the Holders under the Guarantee are subordinated to the claims of Senior Creditors of the Guarantor, present and future.

Winding-up Claims

The Securities will rank on a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer in priority to distributions on all classes of share capital of the Issuer and will rank *pari passu* and without preference among themselves and *pari passu* with Parity Securities and Parity Guarantees, but will be subordinated in right of payment to the claims of Senior Creditors of the Issuer, present and future.

Mandatory Deferral of Payments

If the Issuer determines, on the 20th Business Day prior to the date on which any Payment would, in the absence of deferral in accordance with Condition 4 of the Terms and Conditions of the Securities, be due and payable, that the Guarantor is subject to a Deferral Event or that payment of the relevant Payment under the Guarantee would result in the Guarantor becoming subject to a Deferral Event, the Issuer shall defer such Payment.

Any Payment so deferred may be satisfied at any time by the Issuer giving not less than 16 Business Days' prior notice of such satisfaction to the Trustee, the Holders, the Principal Paying Agent and the Calculation Agent (provided that at the time of satisfying such Payment, the Issuer is no longer subject to a Deferral Event).

No interest will accrue on any Payments which are mandatorily deferred pursuant to Condition 4(a) of the Terms and Conditions of the Securities.

Deferred and Future Interest Payments/Dividend Pusher

Any Payment which has been deferred will become immediately due and payable if the Issuer or the Guarantor makes payment on or purchases or redeems any Parity Securities, Junior Securities or Payment Capital Securities, as the case may be, notwithstanding any further Mandatory Deferral Notice or the occurrence or continuance of

the Mandatory Deferral Condition. Such payments must be made by utilising the Alternative Coupon Satisfaction Mechanism.

Furthermore, notwithstanding a deferral of Coupon Payments under a Mandatory Deferral Notice, in the event that the Guarantor makes any payment on or purchase or redeems Junior Securities, the Guarantor will be required to pay in full all Coupon Payments due on the next four following Coupon Payment Dates, assuming such payment to be for a full year. Any payment by the Guarantor in respect of Parity Securities will result in the Guarantor being required to make proportional mandatory payments for the relevant number of consecutive Coupon Periods following the payment on such Parity Securities.

Dividend Stopper

The Issuer has agreed that if it defers a Payment as described above then, while any Payment is so deferred, it will not recommend to its respective shareholders and, to the fullest extent permitted by applicable law, will otherwise act to prevent, any action that would constitute a Mandatory Payment Event or Mandatory Partial Payment Event.

Alternative Coupon Satisfaction Mechanism

Any Deferred Coupon Payment (together, if applicable, with any interest accrued on such Deferred Coupon Payment) will be satisfied using the Alternative Coupon Satisfaction Mechanism. This mechanism means that the relevant payment is satisfied from the proceeds of the issue by the Issuer of such amount of Payment Capital Securities for cash as may be required to provide cash issue proceeds sufficient to enable the Issuer to pay the relevant Payment in full. If, as and when the Issuer elects to satisfy any Payment to Holders, the Issuer will calculate (failing which, the Calculation Agent will calculate) and issue such principal amount of Payment Capital Securities the proceeds of issue of which will provide the cash amount due in respect of the Deferred Coupon Payment. Holders of the Securities will always receive payments made in respect of the Securities in cash.

Sufficiency

The Issuer is required to keep available for issue enough Payment Capital Securities as it reasonably considers would be required to satisfy from time to time the next year's scheduled Coupon Payment(s) and any then outstanding Deferred Coupon Payments.

Market Disruption Event

If, in the opinion of the Issuer, a Market Disruption Event in respect of its Payment Capital Securities exists on or after the 15th Business Day preceding any date upon which the Issuer is due to satisfy a Payment using the Alternative Coupon Satisfaction Mechanism, the payment to Holders may be deferred until the Market Disruption Event no longer exists. Any such deferred payments shall bear interest at the Applicable Coupon Rate if the Market Disruption Event continues for 14 days or more.

A Market Disruption Event is defined to mean (i) the occurrence or existence of any suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the Relevant Stock Exchange or on settlement procedures for transactions in the Payment Capital Securities on the Relevant

Stock Exchange) if, in any such case, that suspension or limitation is, in the determination of the Issuer material in the context of the sale of the Payment Capital Securities, (ii) where, in the opinion of the Issuer, there has been a substantial deterioration in the price and/or value of the Payment Capital Securities or circumstances are such as to prevent or to a material extent restrict the issue or delivery of the Payment Capital Securities, (iii) where, pursuant to the Terms and Conditions of the Securities, moneys are required to be converted from one currency into another currency in respect of any Payment, the occurrence of any event that makes it impracticable to effect such conversion or (iv) where, in the opinion of the Issuer, there shall have been such a change in national or international financial, political or economic conditions or currency exchange rates or exchange controls as would in its view be likely to prejudice materially the success of the offering and distribution of the Payment Capital Securities or dealings in the Payment Capital Securities in the secondary market, if any.

Additional Amounts

The Issuer will, subject to customary exceptions, pay additional amounts to Holders of the Securities to gross up Payments upon the imposition of any Dutch withholding tax. See Condition 10.

Conversion for Taxation Reasons

Upon the occurrence of certain changes in the treatment of the Securities for taxation purposes as described in Condition 7(c) of the Terms and Conditions of the Securities, the Issuer may, subject to the prior consent of DNB, modify the terms of the Securities or convert the Securities into another series of capital securities, as more fully described in the Terms and Conditions of the Securities.

Conversion for Regulatory Reasons

If the Issuer is not permitted to treat the aggregate principal amount of the Comparable Floating Securities and/or the Comparable Fixed Securities as "own funds" and "core capital" (Tier 1 Capital or equivalent) for the purposes of determining its solvency margin, capital adequacy ratios or comparable margins or ratios under applicable capital adequacy regulations, then the Issuer may, subject to the prior consent of DNB, modify the terms of the Securities or convert the Securities into another series of capital securities, as more fully described in the Terms and Conditions of the Securities.

Remedy for Non-Payment

The sole remedy against the Issuer available to any Holder of Securities for recovery of amounts owing in respect of the Securities will be the institution of proceedings for the winding-up (*faillissementsprocedure*) of the Issuer and/or proving in such winding up.

Form

The Comparable Floating Securities and the Comparable Fixed Securities will each be represented by a Global Security in bearer form (each a "Global Security" and together the "Global Securities"), without coupons attached. Ratings	The Comparable Floating Securities and the Comparable Fixed Securities are expected to be assigned, on issue, a rating of BBB by Standard & Poor's Rating Services, a division of the McGraw-Hill Companies, Inc and a rating of BBB+ by Fitch Ratings Ltd. As defined by Standard & Poor's Rating Services, an obligation rated "BBB" means that the obligation exhibits adequate protection parameters. However, adverse economic conditions and changing circumstances are more likely to lead to a weakened capacity of the issuer to meet its financial commitment on the obligation. As defined by Fitch Ratings Ltd., a rating of "BBB" means an obligation which has good credit quality and that there is currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. In addition there are certain factors which are material for the purpose of assessing the market risks associated with Securities. See ' <i>Risk Factors</i> ' below.
Governing Law	The Securities and the Guarantee will be governed by, and construed in accordance with the laws of the Netherlands.

RISK FACTORS

Prospective investors should read the entire Prospectus.

Each of the Issuer and the Guarantor believes that the factors described below represent the material risks inherent in investing in the Securities, but the inability of the Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with the Securities may occur for other reasons. The risks described below are not the only risks the Issuer or the Guarantor faces. Additional risks and uncertainties not presently known to the Issuer and the Guarantor, or that either of them currently believes to be immaterial, could also have a material impact on either or both of their business operations and/or their ability to make payments in respect of the Securities. Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

In addition, factors which are material for the purpose of assessing the market risks associated with the Securities are described below.

Words and expressions defined in the 'Terms and Conditions of the Securities' below or elsewhere in this Prospectus have the same meanings in this section, unless otherwise stated.

Factors that may affect the Issuer's ability to fulfil its obligations under the Securities or the Guarantor's obligations under the Guarantee

The Issuer's and Guarantor's results can be adversely affected by general economic conditions and other business conditions

The Issuer's and Guarantor's results are affected by general economic and other business conditions. These conditions include changing economic cycles that affect demand for insurance products. Such cycles are also influenced by global political events, such as terrorist acts, war and other hostilities as well as by market specific events, such as shifts in consumer confidence, industrial output, labour or social unrest and political uncertainty.

The Issuer's and Guarantor's performance is subject to substantial competitive pressures that could adversely affect its results of operations

There is substantial competition for the types of insurance products and services that the Issuer and Guarantor provide in the Netherlands and the other regions in which the Issuer and Guarantor conduct large portions of its business. Such competition is affected by consumer demand, technological changes, the impact of consolidation, regulatory actions and other factors. If the Issuer or Guarantor is unable to provide attractive product and service offerings that are profitable, it may lose market share or incur losses on some or all activities.

The Issuer's and Guarantor's performance is dependent on developments in the insurance markets

The Issuer is active in both the life and non-life insurance markets whereas the Guarantor is active in the life insurance market. The Issuer's and Guarantor's results can be influenced by the frequency and severity of insured losses, as well as the level and development of mortality and morbidity rates and of the resistance of the insurance portfolio. Furthermore, it is possible that the Issuer or the Guarantor will not be able to reinsure certain risks in an economically responsible way.

Because the life and non-life businesses of the Issuer and the life business of the Guarantor are subject to claims resulting from unforeseeable and/or catastrophic events, which are inherently unpredictable, the actual claims amount of the Issuer or the Guarantor may exceed the established reserves or the Issuer or the Guarantor may experience an abrupt interruption of activities, each of which could result in lower net profits and have an adverse effect on its results of operations.

In its life and non-life businesses, the Issuer and, in its life business, the Guarantor, is subject to losses from natural and man-made catastrophic events. Such events include, without limitation, weather and other natural catastrophes such as wind and hailstorms, floods, earthquakes and pandemic events, as well as events such as terrorist attacks. The frequency and severity of such events, and the losses associated with them, are inherently unpredictable and can not always be adequately reserved for. In accordance with industry practices, reserves are established based on estimates using actuarial projection techniques. The process of estimating is based on information available at the time the reserves are originally established. Although the Issuer and the Issuer continually review the adequacy of the established claim reserves, and based on current information, the Issuer and the Guarantor believe their respective claim reserves are sufficient, there can be no assurances that their actual claims experience will not exceed its estimated claim reserves. If actual claim amounts exceed the estimated claim reserves, its earnings may be reduced and net profits may be adversely affected. In addition, because unforeseeable and/or catastrophic events can lead to abrupt interruption of activities, their insurance and other operations may be subject to losses resulting from such disruptions. Losses can relate to property, financial assets, trading positions and also to key personnel. If their business continuity plans are not able to be put into action or do not take such events into account, losses may further increase.

Because the Issuer and Guarantor operate in a highly regulated industry, changes in statutes, regulations and regulatory policies that govern activities in their various business lines could have an effect on their operations and net profits.

The insurance and other operations of the Issuer and Guarantor are subject to insurance and financial services statutes, regulations and regulatory policies that govern what products the Issuer and Guarantor sell and how the Issuer and Guarantor manage their business. Changes in existing statutes, regulations and regulatory policies, as well as changes in the implementation of such statutes, regulations and regulatory policies may affect the way the Issuer and Guarantor do business, their ability to sell new policies, products or services and their claims exposure on existing policies. In addition, changes in tax laws may affect their tax position and/or the attractiveness of certain of their products, some of which currently have favourable tax treatment. Furthermore, changes in local or general accounting principles may affect the financial position and/or the results of the Issuer and Guarantor.

The solvency position of the Issuer and the Guarantor may have an impact on their business and also on their ability to make timely payments on the Securities

The Issuer and Guarantor are subject to supervisory or regulatory laws and regulations on the basis whereof they will be required to maintain minimum required levels of a solvency margin and/or a capital adequacy ratio. Changes in such supervisory or regulatory laws and regulations may have a material effect on the business, financial condition and operations of the Issuer and Guarantor and on payments by the Issuer and Guarantor under the Securities, including deferral thereof. If the Guarantor's solvency margin were to drop below the required minimum level, the Issuer nor the Guarantor would be required to make any Payment (such term does not include principal) on the Securities for any period of time subject to suspension of payment on Junior Securities and Parity Securities, as more particularly described in 'Terms and Conditions of the Securities – 4. Deferrals and Mandatory Payments'. In addition, the terms of the Securities generally provide that any

payments by the Issuer under the Securities shall be conditional upon the Guarantor's solvency margin not being or dropping below the required minimum level before or as a result of the relevant payment.

Credit Risk

The Issuer and Guarantor are exposed to credit risk with respect to their results or equity position in the event one or more of its debtors defaults on its contractual obligations. Excessive defaults could have a materially adverse effect on the Issuer's or Guarantor's business, results of operations and financial condition.

Liquidity Risk

Liquidity risk arises if the Issuer and Guarantor would not be able to comply with current or contingent liabilities at their due date. It consists of (i) a funding risk, i.e. the risk that the Issuer or Guarantor cannot meet any scheduled or unexpected demand for cash from policy holders or other contracting parties and (ii) a market liquidity risk, i.e. the risk that the Issuer or the Guarantor is not able to convert assets in cash as a result of unfavourable market conditions or a market disruption.

Market Risk

The Issuer and Guarantor may suffer losses as a result of market developments relating to the trade in or holding of financial instruments or property. Market risk results from a number of factors such as :

- interest rate fluctuations which affect bonds, other assets with interest related income and insurance liabilities;
- changes in the market price of securities which affect the value of investment portfolios and insurance liabilities;
- foreign currency fluctuations which affect any non-hedged cash flows;
- changes in the volatility of interest rate levels and securities prices;
- changes in the market price of property which affect the value of trade or investment portfolios.

Operational Risk

Operational risk includes event risk and business risk. Event risk can be defined as the risk of loss arising from the inadequacy or failure of procedures, individuals or internal systems, or even external events. It also includes litigation risk. Business risk may adversely affect an operational activity of the Issuer and Guarantor as a result of for instance changes in the competitive environment or legal or fiscal changes. These may result in changes to the volume, prices or margins of the Issuer's or Guarantor's products while the costs remain fixed.

Risk relating to the Securities

The Issuer's and Guarantor's obligations under the Securities and the Guarantee, respectively, are subordinated

The rights and claims of the Holders under the Securities and the Guarantee are unsecured and subordinated to the claims of Senior Creditors of the Issuer and the Guarantor, as applicable, present and future. **“Senior Creditors”** means present and future creditors of the Issuer or the Guarantor, as applicable (a) who are unsubordinated creditors of the Issuer or the Guarantor, as applicable, or (b) whose claims are, or are expressed to be, subordinated (whether only in the event of the winding-up (*faillissement of vereffening na ontbinding*) of the Issuer or the Guarantor, as applicable, or otherwise) to the claims of unsubordinated creditors of the Issuer or the Guarantor, as applicable, but not further

or otherwise or (c) who are subordinated creditors of the Issuer or the Guarantor, as applicable, other than those whose claims are, or are expressed to rank, *pari passu* with, or junior to, the claims of the Holders.

Although the Securities may pay a higher rate of interest than comparable securities which are not subordinated, there is a real risk that an investor in the Securities will lose all or some of his investment should the Issuer become insolvent.

Deferral

The Issuer shall defer Payments (such term does not include principal) on the Securities in the circumstances described in ‘*Terms and Conditions of the Securities – 4. Deferral and Mandatory Payments*’. No interest will accrue on Payments which are mandatorily deferred pursuant to such Condition.

Perpetual securities

The Issuer is under no obligation to redeem the Securities at any time and the Holders have no right to call for their redemption.

Redemption risk

Upon the occurrence of certain specified tax or regulatory events, or the Coupon Payment Date falling on 26 October 2009 or any Coupon Payment Date thereafter in the case of the Comparable Floating Securities and on 30 September 2009 or any Coupon Payment Date thereafter in the case of the Comparable Fixed Securities, the Securities may be redeemed at their principal amount together with any Outstanding Payments (as defined in ‘*Terms and Conditions of the Securities – 19. Definitions*’), subject as provided in ‘*Terms and Conditions of the Securities – 7. Redemption and Purchases*’.

No limitation on issuing debt

There is no restriction on the amount of debt which the Issuer may issue which ranks senior to the Securities or on the amount of securities which the Issuer may issue which ranks *pari passu* with the Securities. The issue of any such debt or securities may reduce the amount recoverable by Holders on a winding-up (*faillissement of verefenning na ontbinding*) of the Issuer or may increase the likelihood of a deferral of Payments under the Securities.

Availability of shares

If the Issuer is to make a payment using the Alternative Coupon Satisfaction Mechanism and the Issuer has an insufficient number of Payment Capital Securities available for issue, then the Issuer’s payment obligation shall be suspended to the extent of such insufficiency until such time as sufficient Payment Capital Securities are available to satisfy all or part of the suspended payment obligation, as more particularly described in ‘*Terms and Conditions of the Securities – 6. Alternative Coupon Satisfaction Mechanism – (d) Insufficiency*’.

Market Disruption Event

If, following a decision by the Issuer to satisfy a payment using the Alternative Coupon Satisfaction Mechanism, in the opinion of the Issuer a Market Disruption Event in respect of the Payment Capital Securities exists, the payment to Holders may be deferred until the cessation of such market disruption, as more particularly described in ‘*Terms and Conditions of the Securities – 6. Alternative Coupon Satisfaction Mechanism – (d) Market Disruption*’. Any such deferred payments shall bear interest at the Applicable Coupon Rate if the Market Disruption Event continues for 14 days or more.

Restricted remedy for non-payment

The sole remedy against each of the Issuer and the Guarantor available to the Trustee or any Holder for recovery of amounts owing in respect of any Payment or principal in respect of the Securities will be the institution of proceedings for the winding-up (*faillissement of verefenning na ontbinding*) of the Issuer and/or the Guarantor and/or proving in any such winding-up (*faillissement of verefenning na ontbinding*).

Set-off

Subject to applicable law, no Holder may exercise or claim any right of set-off in respect of any amount owed to it by the Issuer arising under or in connection with the Securities and each Holder shall, by virtue of being the Holder of any Security, be deemed to have waived all such rights of set-off.

Absence of prior public markets

The Securities constitute an issue of new securities by the Issuer. Prior to this issue, there will have been no public market for the Securities. Although application has been made for the Securities to be listed on Euronext Amsterdam by NYSE Euronext, there can be no assurance that an active public market for the Securities will develop and, if such a market were to develop, the Dealer Managers are under no obligation to maintain such a market. The liquidity and the market prices for the Securities can be expected to vary with changes in market and economic conditions, the financial condition and prospects of the Issuer and other factors that generally influence the market prices of securities.

The Securities may not be a suitable investment for all investors

Each potential investor in the Securities must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Securities, the merits and risks of investing in the Securities and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Securities and the impact the Securities will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Securities, including Securities with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Securities and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Exchange Offer

The Securities are being issued in furtherance of the Exchange Offer, which is being made by the Issuer to the holders of the Trust Securities.

The purpose of the Exchange Offer is to enable the Issuer to continue to utilise hybrid capital within its capital funding structure, in keeping with the Issuer's newly formulated capital and business strategy following its separation from the Fortis Group. The Exchange Offer will also allow the Issuer to replace the indirectly issued Trust Securities with directly issued securities and to remove the complicated trust and partnership structure which is currently in place in respect of the Trust Securities.

The Exchange Offer is made on the terms and subject to the conditions set out in the Exchange Offer and Consent Solicitation Memorandum.

The Issuer may choose, in its sole discretion and without limiting its right to otherwise extend, amend, waive any condition of or terminate the Exchange Offer as provided in this Exchange Offer and Consent Solicitation Memorandum, to amend the terms and conditions of the Exchange Offer to

provide for (i) the decision as to, and announcement of, whether the Issuer accepts offers of Trust Securities for exchange in the Exchange Offer, and (ii) the Issue Date to be delayed.

The issue of the Securities is conditional upon the satisfaction or waiver by the Issuer of the Exchange Offer Conditions (as defined in the Exchange Offer and Consent Solicitation Memorandum).

Offering Restrictions

This Prospectus should not be considered as a recommendation by the Issuer or the Dealer Managers that any recipient of this Prospectus should purchase any of the Securities. Each investor contemplating purchasing Securities should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer.

The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended, (the "**Securities Act**") and are subject to U.S. tax law requirements. Subject to certain exceptions, the Securities may not be offered, sold or delivered within the United States or to U.S. persons. TERMS AND CONDITIONS OF THE COMPARABLE FLOATING SECURITIES

The following, subject to alteration, are the terms and conditions of the Comparable Floating Securities (the “Comparable Floating Securities”) which will be incorporated by reference into the Global Security:

The Comparable Floating Securities are constituted by the Trust Deed to be dated on or about 6 August 2009. The issue of the Comparable Floating Securities was authorised pursuant to a resolution of the Management Board of ASR Nederland N.V. (the “**Issuer**”) passed on 21 April 2009. The statements in these Terms and Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed. Copies of the Trust Deed and the Agency Agreement to be dated on or about 6 August 2009 are available for inspection during normal business hours by the Holders at the registered office of the Trustee, being at Amsterdamsch Trustee’s Kantoor B.V., Olympic Plaza, Fred Roeskestraat 123, 1076 EE Amsterdam, the Netherlands and at the specified office of each of the Paying Agents. The Holders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Agency Agreement applicable to them.

1. Form, Denomination and Title

(a) Form and Denomination

The Comparable Floating Securities are in bearer form and shall be in denominations of €1,000 each. The Comparable Floating Securities will be represented by a global security (the “**Global Security**”) without interest coupons attached. The Global Security will be deposited with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* (“**Euroclear Netherlands**”) and thereby become subject to the Dutch Securities Giro Transfer Act (*Wet Giraal Effectenverkeer*, “**WGE**”). The Global Security will not be exchangeable for definitive bearer Securities.

(b) Transfer and Title

Interests in the Global Security will be transferable only in accordance with the provisions of the WGE and the rules and procedures for the time being of Euroclear Netherlands and its participants (*aangesloten instellingen*) and all transactions in (including transfer of) the Comparable Floating Securities, in the open market or otherwise, must be effected through participants of Euroclear Netherlands. The bearer of the Global Security will be the only person entitled to receive payments in respect of the Global Security. Each person who is for the time being shown in the records of Euroclear Netherlands or any of its participants as the holder of a particular nominal amount of such Comparable Floating Securities (in which regard any certificate or other document issued by Euroclear Netherlands or such participant as to the nominal amounts of Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Comparable Floating Securities for all purposes other than with respect to the payment of principal or interest on the Comparable Floating Securities, for which purpose the bearer of the Global Security shall be treated by the Issuer and the Paying Agents as the holder of such Comparable Floating Securities in accordance with and subject to the terms of the Global Security (and the term “**Holder**” shall have the corresponding meanings).

2. Status and Guarantee

(a) *Status and Subordination of the Comparable Floating Securities:* The Comparable Floating Securities constitute direct, unsecured, subordinated securities of the Issuer and rank *pari passu* without any preference among themselves. The rights and claims of the Holders under the Comparable Floating Securities are subordinated to the claims of Senior Creditors of the Issuer,

present and future.

- (b) (i) *Conditions to payments by the Issuer*: Payments in respect of the Comparable Floating Securities (and application of the proceeds of the issue of Payment Capital Securities in accordance with Condition 6) are conditional upon the Guarantor not being subject to a Regulatory Event at the time of the relevant payment (or at the time of application of the proceeds of the issue of such Payment Capital Securities) and no principal or Payments shall be payable in respect of the Comparable Floating Securities (including application of the proceeds of the issue of Payment Capital Securities in accordance with Condition 6) except to the extent that the Guarantor is not subject to a Regulatory Event and could make such payment (or apply the proceeds of such issue of Payment Capital Securities) and still not be subject to a Regulatory Event within a reasonable period of time after payment of such principal or Payment was scheduled to be made, as notified by the DNB.

For the purposes of this Condition 2(b)(i) any reference to a payment by the Issuer in respect of a Comparable Floating Security shall be deemed to include a redemption or purchase of such Comparable Floating Security by the Issuer.

- (ii) *Winding-Up Claims of the Issuer*: Amounts in respect of principal or Payments in respect of which the conditions referred to in Condition 2(b)(i) are not satisfied on the date upon which the same would otherwise be due and payable (“**Winding-Up Claims**”) will be payable by the Issuer in a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer as provided in Condition 3 and on any redemption pursuant to Condition 7(b), 7(c), or 7(d). A Winding-Up Claim shall not bear interest.
- (iii) *Set-off*: Subject to applicable law, no Holder may exercise or claim any right of set-off in respect of any amount owed to it by the Issuer arising under or in connection with the Comparable Floating Securities and each Holder shall, by virtue of being the bearer of any Comparable Floating Security, be deemed to have waived all such rights of set-off.
- (c) *Guarantee*

Subject to the terms of the Guarantee, the Guarantor has irrevocably and unconditionally agreed to guarantee on a subordinated basis the Issuer's payment obligations under the Comparable Floating Securities as, if and when the same become due.

3. Winding-up

If at any time an order is made, or an effective resolution is passed, for the winding-up (*faillissement of vereffening na ontbinding*) of the Issuer (except in any such case a solvent winding-up solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business (as defined in the Trust Deed) of the Issuer, the terms of which reconstruction, amalgamation or substitution have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed)), a winding-up amount shall be payable by the Issuer in respect of each Comparable Floating Security (in lieu of any other payment by the Issuer). The Comparable Floating Securities will rank on a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer in priority to distributions on any Ordinary Shares and will rank *pari passu* with each other and among themselves, but will be subordinated in right of payment to the claims of Senior Creditors of the Issuer, present and future.

In a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer, Holders of the Comparable Floating Securities will only have a claim for payment in full or part of principal and Deferred Coupon Payments, if any, to the extent that distributable assets of the Issuer are sufficient to pay in full or part such amount of principal and such Deferred Coupon Payments.

4. Deferrals and Mandatory Payments

The Issuer must make each Coupon Payment on the relevant Coupon Payment Date subject to and in accordance with these Terms and Conditions. Without prejudice to the generality of Condition 2 and subject to Condition 4(b), the Issuer must defer a Coupon Payment and any other Payment in the following circumstances:

(a) *Mandatory Deferral of Payments*

- (i) Subject to Condition 4(b), if, on the 20th Business Day preceding the date on which any Payment would, in the absence of deferral in accordance with this Condition 4(a)(i), be due and payable, the Mandatory Deferral Condition is met, any such Payment shall (subject to Condition 6) be deferred by the Issuer giving notice in writing (a “**Mandatory Deferral Notice**”) to the Trustee, the Holders (in accordance with Condition 15), the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to such due date.
- (ii) The Issuer may elect to satisfy any Payment deferred under Condition 4(a)(i) (provided that, at the time of satisfying such payment, the Mandatory Deferral Condition fails to be met) by delivering a notice to the Trustee, the Holders, the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to the relevant Deferred Coupon Satisfaction Date that it will satisfy such Payment on such date.
- (iii) If any Payment is deferred pursuant to this Condition 4(a) then no amount will be payable by way of interest on any such deferred Payment, save as provided in Condition 6(d).

Any such deferred Payment shall be satisfied from the proceeds of the issue of Payment Capital Securities in accordance with Condition 6.

(b) *Dividend Pusher*

The Issuer will be required to make payments on the Comparable Floating Securities in the following circumstances:

- (i) If any Payment is deferred pursuant to Condition 4(a) and a Mandatory Payment Event or a Mandatory Partial Payment Event occurs in respect of the Issuer or the Guarantor, then any Deferred Coupon Payments will become mandatorily due and payable in full on the date of the Mandatory Payment Event or Mandatory Partial Payment Event, notwithstanding any further Mandatory Deferral Notice or an occurrence or continuance of the Mandatory Deferral Condition.
- (ii) The Issuer may satisfy its obligations to pay any Deferred Coupon Payment as referred to in Condition 4(b)(i) above only in accordance with the Alternative Coupon Satisfaction Mechanism. For the avoidance of doubt the Issuer will not be required to utilise the Alternative Coupon Satisfaction Mechanism in order to satisfy its obligation to pay any Mandatory Partial Payment payable on a date that coincides with the date on which such Deferred Coupon Payment has become mandatorily due and payable in full.

(c) *Dividend Stopper*

The Issuer has agreed that if it defers a payment as described above then, while any payment is so deferred, it will not recommend to its shareholder(s) and, to the fullest extent permitted by applicable law, will otherwise act to prevent, any action that would constitute a Mandatory Payment Event or Mandatory Partial Payment Event.

5. Coupon Payments

(a) *Coupon Payment Dates*

The Comparable Floating Securities bear interest at the Coupon Rate. Such interest will (subject to Conditions 2(b)(i), 4(a) and 6(d)) be payable on each Coupon Payment Date. Each Comparable Floating Security will cease to bear interest from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused. In such event, it shall continue to bear interest at the prevailing rate in accordance with this Condition (both before and after judgment) as provided in the Trust Deed.

If any Coupon Payment Date would otherwise fall on a day which is not a Business Day it shall be postponed to the next Business Day unless it would then fall into the next calendar month in which event the Coupon Payment Date shall be brought forward to the preceding Business Day.

(b) *Coupon Rate*

The Coupon Rate payable from time to time in respect of the Comparable Floating Securities shall be the aggregate of 2.30 per cent. per annum and Three Month EURIBOR in respect of such Coupon Period (as determined by the Calculation Agent on the relevant Interest Determination Date).

(c) *Determination and Publication of Coupon Rate and Coupon Amounts*

The Calculation Agent will, upon the determination of each Coupon Rate pursuant to Condition 5(b), calculate the Coupon Amount and cause the Coupon Rate and each Coupon Amount payable in respect of a Coupon Period to be notified to the Trustee, the Issuer, the Principal Paying Agent, Euronext Amsterdam N.V. and the Holders and to be published by the Issuer on the website of the Issuer as soon as possible after their determination but in no event later than the fourth Business Day thereafter.

Whenever it is necessary to calculate an amount of interest in respect of any Comparable Floating Security for a period, such interest shall be calculated by applying the Coupon Rate prevailing for such period to the principal amount of such Comparable Floating Security, multiplying such sum by the actual number of days in the relevant period divided by 360, and rounding the resultant figure to the nearest cent, half a cent being rounded upwards.

(d) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason (i) determine the Coupon Rate in accordance with Condition 5(b), or (ii) calculate a Coupon Amount in accordance with Condition 5(c), the Trustee or an agent on its behalf shall do so and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee or such agent shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it or such agent can do so, and in all other respects it or such agent shall do so in such manner as it shall deem fair and reasonable in all the circumstances. All determinations or calculations made or obtained for the purposes of the provisions of this Condition 5(d) by or on behalf of the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Paying Agents and all Holders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Holders shall attach to the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6. **Alternative Coupon Satisfaction Mechanism**

(a) *Alternative Coupon Satisfaction Mechanism*

If payment of any Deferred Coupon Payment is to be made on any Deferred Coupon Satisfaction Date, it will be satisfied using the Alternative Coupon Satisfaction Mechanism. In addition, the Issuer may elect at any time to satisfy its obligation to make any Payment (other than Deferred Coupon Payments or a payment of principal) to Holders by using the Alternative Coupon Satisfaction Mechanism. “**Alternative Coupon Satisfaction Mechanism**” means that the relevant payment is satisfied from the proceeds of the issue by the Issuer of such amount of Payment Capital Securities as may be required to provide cash issue proceeds sufficient to enable the Issuer to pay the relevant Payment in full, in accordance with and subject to the following provisions of this Condition 6. Holders of the Comparable Floating Securities will always receive payments made in respect of Securities in cash.

If the Issuer uses the Alternative Coupon Satisfaction Mechanism, the Issuer shall notify the Trustee, the Holders, the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to the relevant Coupon Payment Date. To the extent that the Alternative Coupon Satisfaction Mechanism is not used to make any Payment, subject to Condition 4(a) (*Mandatory Deferral of Payments*), such Payment must be satisfied in accordance with Condition 8(a).

(b) *Issue of Payment Capital Securities*

If any Payment is to be satisfied in accordance with the Alternative Coupon Satisfaction Mechanism then, subject to Condition 6(d):

- (i) by close of business on or before the seventh Business Day prior to the relevant Coupon Payment Date or Deferred Coupon Satisfaction Date the Issuer will issue such number of Payment Capital Securities as, in the determination of the Issuer, have a market value of not less than the relevant Payment to be satisfied in accordance with this Condition 6;
- (ii) if, after the operation of the above procedures, there would in the opinion of the Issuer be a shortfall on the date on which the relevant Payment is due, the Issuer shall issue further Payment Capital Securities in accordance with the provisions of the Trust Deed to ensure that a sum at least equal to the relevant Payment is available to make the Payment in full on the relevant due date provided that if, despite the operation of the aforementioned provisions, such a shortfall exists on the relevant due date the Issuer will in accordance with the provisions of the Trust Deed continue to issue Payment Capital Securities until the Principal Paying Agent shall have received funds equal to the full amount of such shortfall.
- (iii) If the Issuer fails, by the date or time specified, to make any of the determinations as to the number of Payment Capital Securities required to be issued, as described in paragraphs (i) and (ii) above, the Trustee shall appoint the Calculation Agent to perform such obligations.

(c) *Receipt of cash proceeds in respect of Issue of Payment Capital Securities satisfies Payment*

Where the Issuer either elects or is required to satisfy a Payment by means of the Alternative Coupon Satisfaction Mechanism and in accordance with its obligations under the Trust Deed issues Payment Capital Securities, the cash proceeds of such issue by the Issuer shall, subject to Condition 6(b)(iii) and 6(d), be used to satisfy the relevant Payment or, as the case may be, in the circumstances referred to in (d) below, the relevant part of such Payment. The proceeds of sale of Payment Capital Securities in accordance with this Condition 6 shall be paid by the Principal Paying Agent to the Holders in respect of the relevant Payment.

(d) *Market Disruption*

Notwithstanding the provisions of Condition 6(b), if there exists, in the opinion of the Issuer (subject, where necessary, to determinations made by the Calculation Agent) a Market Disruption Event on or after the 15th Business Day preceding any date upon which a Payment is due to be made or satisfied in accordance with this Condition 6, then the Issuer may give notice in writing to the Trustee, the Principal Paying Agent, the Calculation Agent and the Holders (in accordance with Condition 15) as soon as practicable after the relevant Market Disruption Event has arisen or occurred, whereupon the relevant Payment shall be deferred until such time as (in the opinion of the Issuer) the Market Disruption Event no longer exists.

Any such Payment deferred in accordance with this Condition 6(d) will be paid as soon as practicable following such time as, in the opinion of the Issuer, the Market Disruption Event no longer exists. Interest shall not accrue on such deferred Payment unless, as a consequence of the existence of a Market Disruption Event, the Issuer does not make the relevant Payment for a period of 14 days or more after the due date therefor, in which case interest shall accrue on such deferred Payment from (and including) the date on which the relevant Payment was originally due to have been made to (but excluding) the date on which such Payment is actually made. Any such interest shall accrue at the Applicable Coupon Rate and shall be satisfied only in accordance with this Condition 6 and as soon as reasonably practicable after the relevant deferred Payment is made. No liability shall attach to the Trustee or its agents if, as a result of a Market Disruption Event or any other event outside the control of the Trustee or any such agent, the Trustee or any such agent is unable to comply with the provisions of Condition 6(b).

(e) *Issuer certification to Trustee*

The Issuer will certify to the Trustee that the proceeds used to make any Deferred Coupon Payment have been funded through the issue of a sufficient amount of Payment Capital Securities.

7. Redemption and Purchases

(a) *No Fixed Redemption Date*

The Comparable Floating Securities are perpetual securities in respect of which there is no fixed redemption date and the Issuer shall (subject to the provisions of Conditions 2 and 3 and without prejudice to the provisions of Condition 11) only have the right to redeem the Comparable Floating Securities in accordance with the following provisions of this Condition 7.

(b) *Issuer's Call Option*

Subject to Condition 2(b)(i), the Issuer may, subject to the prior consent of the Regulator and by giving not less than 30 nor more than 60 days' prior notice to the Holders in accordance with Condition 15 and to the Principal Paying Agent, the Calculation Agent and the Trustee, which notice shall be irrevocable, elect to redeem all, but not some only, of the Comparable Floating Securities on the Coupon Payment Date falling on 26 October 2009 or any Coupon Payment Date falling thereafter at their principal amount together with any Outstanding Payments.

(c) *Modification or Conversion due to Taxation*

If the Issuer satisfies the Trustee immediately prior to the giving of the notice referred to below that, on the next due date for a Payment:

- (i) the Issuer would, for reasons outside its control, be unable to make such Payment without being required to pay additional amounts as provided or referred to in Condition 10; or
- (ii) payments of amounts in respect of interest on the Comparable Floating Securities including, for the avoidance of doubt, the issue of Payment Capital Securities pursuant to Condition 6, may be treated as "distributions" within the meaning of Section II of the Dividend Withholding Tax Act 1965 (*Wet op de dividendbelasting 1965*) (or such other Section and/or Act as may from time to time supersede or replace Section II of the Dividend Withholding Tax Act 1965 for the purposes of such definition) and such requirement or circumstance cannot be avoided by the Issuer taking such measures as it (acting in good faith) deems appropriate; or
- (iii) as a result of any change in or proposed change in, or amendment to or proposed amendment to, the laws of the Netherlands or any political subdivision or authority thereof having power to tax, or any change in or proposed change in the application of official or generally published interpretation of such laws, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such law or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written confirmation given by a tax authority in respect of the Comparable Floating Securities, which change or amendment becomes, or would become, effective, or in the case of a change or proposed change in law if such change is enacted (or, in the case of a proposed change, is expected to be enacted) by Act of Parliament or made by Statutory Instrument on or after 14 July 2009, there is more than an insubstantial risk that the Issuer will not obtain full or substantially full relief for the purposes of Dutch corporation tax for any payment of interest including, for the avoidance of doubt, where the Payment is to be satisfied by the issue of Payment Capital Securities,

(each a **Tax Event**) then the Issuer may (and subject to Condition 2(b)(i) and to the prior consent of the Regulator), having given not less than 30 nor more than 60 days' prior notice to the Trustee, the Principal Paying Agent and, in accordance with Condition 15, the Holders (which notice shall be irrevocable), subject to compliance with applicable regulatory requirements, modify the terms of the Comparable Floating Securities or convert or exchange the Comparable Floating Securities in whole (but not in part) into another series of capital securities having materially the same terms as the Comparable Floating Securities and which are no less favourable to an investor than the terms of the Comparable Floating Securities then prevailing. The Issuer is permitted to satisfy its obligation to pay any Deferred Coupon Payment due upon conversion only in accordance with the Alternative Coupon Satisfaction Mechanism.

Prior to the publication of any notice of modification or conversion pursuant to this Condition 7(c), the Issuer shall deliver to the Trustee a certificate signed by a member of the Management Board of the Issuer stating that the relevant requirements or circumstances referred to in subparagraphs (i), (ii) or (iii) above is satisfied and the Trustee shall be entitled, without further investigation or enquiry, to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Holders.

(d) *Modification or Conversion for Regulatory Purposes*

If the Issuer notifies the Trustee immediately prior to the giving notice referred to below that the Regulator has determined that securities of the nature of the Comparable Floating Securities cease to qualify as Tier 1 Capital of the Issuer (or instruments of a similar nature which qualify as core capital) for the purposes of applicable capital adequacy regulations (a “**Capital Disqualification Event**”), then the Issuer may, subject to the prior consent of the Regulator and subject to Condition 2(b)(i), having given not less than 30 nor more than 60 days’ prior notice (which notice shall be irrevocable) to the Trustee, the Principal Paying Agent and, in accordance with Condition 15, the Holders, subject to compliance with applicable regulatory requirements, modify the terms of the Comparable Floating Securities or convert or exchange the Comparable Floating Securities in whole (but not in part) into another series of capital securities having materially the same terms as the Comparable Floating Securities and which are no less favourable to an investor than the terms of the Comparable Floating Securities then prevailing. The Issuer is permitted to satisfy its obligation to pay any Deferred Coupon Payment due upon conversion only in accordance with the Alternative Coupon Satisfaction Mechanism.

(e) *Purchases*

The Issuer, may (subject to Condition 2(b)(i)) at any time purchase Securities in any manner and at any price. Securities purchased by the Issuer may be held, reissued, resold or, at the option of the Issuer, be cancelled.

(f) *Cancellation*

Cancellation of any Comparable Floating Securities will be effected by reduction in the principal amount of the Global Security and such cancelled Securities may not be reissued or resold. The obligations of the Issuer in respect of any such cancelled Securities, shall be discharged.

8. **Payments**

(a) *Method of Payment*

(i) Each Payment in respect of the Comparable Floating Securities, each payment of principal and all other payments on or in respect of the Comparable Floating Securities will be in euro, will be calculated by the Calculation Agent in accordance with the Conditions and will be and effected through the Paying Agents.

9. Non-Payment when Due

Notwithstanding any of the provisions below in this Condition 9, the right to institute winding-up proceedings against the Issuer is limited to circumstances where payment has become due. Pursuant to Condition 2(b) and subject as provided in the next sentence, no principal or Payment will be due if the Guarantor is subject to a Regulatory Event or would be subject to a Regulatory Event within a reasonable period of time after payment of such principal or Payment was scheduled to be made, as notified by the DNB. Also, in the case of any Payment, such Payment will not be due if the Issuer is required to defer that Payment pursuant to Condition 4(a) or if the circumstances referred to in

Condition 6(d) then apply. The Trust Deed contains provisions entitling the Trustee to claim from the Issuer, inter alia, the fees, expenses and liabilities incurred by the Trustee in carrying out its duties under the Trust Deed. The restrictions on commencing proceedings described below will not apply to any such claim.

- (a) If the Issuer fails to make a payment in respect of the Comparable Floating Securities for a period of 14 days or more after the date on which such payment is due, the Issuer shall be deemed to be in default under the Trust Deed and the Comparable Floating Securities, and the Trustee may, notwithstanding the provisions of paragraph (b) of this Condition 9, institute proceedings (in its own name but on behalf of Holders of the Comparable Floating Securities) in the Netherlands (but not elsewhere) for the winding-up (*faillissement*) of the Issuer.
- (b) Subject as provided in Condition 9, the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Trust Deed, the Comparable Floating Securities (other than for the payment of any principal or satisfaction of any Payments in respect of the Comparable Floating Securities, including any payment under clause 2.5 of the Trust Deed); provided that the Issuer shall not by virtue of the institution of any such proceedings be obliged to pay any sum or sums, in cash or otherwise, sooner than the same would otherwise have been payable by it.
- (c) The Trustee shall not be bound to take any of the actions referred to in paragraph (a) or (b) above against the Issuer to enforce any term or condition binding on the Issuer under the Trust Deed or the Comparable Floating Securities unless (i) it shall have been requested to do so by an Extraordinary Resolution (as defined in the Trust Deed) or in writing by the holders of at least one-fifth in principal amount of the Comparable Floating Securities then outstanding and (ii) it shall have been indemnified to its satisfaction.
- (d) No Holder shall be entitled to proceed directly against the Issuer, or to institute proceedings for the winding-up (*faillissement*) of the Issuer or to prove in such winding-up unless the Trustee, having become so bound to proceed or being able to prove in such winding-up, fails to do so within a reasonable period and such failure shall be continuing, in which case the Holder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise. No remedy against the Issuer shall be available to the Trustee or any Holder (i) for the recovery of amounts owing in respect of the Comparable Floating Securities (including any payment under clause 2.5 of the Trust Deed), other than the institution of proceedings in the Netherlands (but not elsewhere) for the winding-up (*faillissement*) of the Issuer and/or proving in such winding-up (*faillissement*) and (ii) for the breach of any other term under the Trust Deed or the Comparable Floating Securities other than as provided in paragraph (b) above.

In that event the Issuer will pay such additional amounts as may be necessary in order that the net amounts receivable by Holders after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Comparable Floating Securities in the absence of such withholding or deduction, except that no such additional amounts shall be payable in relation to any payment with respect to any Comparable Floating Security:

- (i) to, or to a third party on behalf of, a Holder who is liable to such taxes, duties, assessments or

governmental charges in respect of such Comparable Floating Security by reason of such Holder, having some connection with the Netherlands other than the mere holding of such Comparable Floating Security; or

- (ii) to, or to a third party on behalf of, a Holder if such withholding or deduction may be avoided by complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iii) to, or to a third party on behalf of, a Holder that is a partnership or a Holder that is not the sole beneficial owner of the Comparable Floating Security or which holds the Comparable Floating Security in a fiduciary capacity, to the extent that any of the members of the Issuer, the beneficial owner or the settlor or beneficiary with respect to the fiduciary would not have been entitled to the payment of an additional amount had each of the members of the Issuer, the beneficial owner, settlor or beneficiary (as the case may be) received directly his beneficial or distributive share of the payment; or
- (iv) presented for payment more than 30 days after the Relevant Date except to the extent that the Holder would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days; or
- (v) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Union Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

References in these Terms and Conditions to principal and/or Payments shall be deemed to include any additional amounts which may become payable pursuant to the foregoing provisions or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

In the event that any Payment is satisfied by using the Alternative Coupon Satisfaction Mechanism, then any additional amounts which are payable shall also be satisfied from the proceeds of the issue of Payment Capital Securities.

11. Prescription

Claims for payment in relation to Securities will become void unless exercised within a period of five years from the due date thereof.

12. Meetings of Holders, Modification, Waiver

Any Extraordinary Resolution duly passed shall be binding on all Holders (whether or not they were present at the meeting at which such resolution was passed).

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver or authorisation), the Trustee shall have regard to the general interests of the Holders as a class and shall not have regard to any interests arising from circumstances particular to individual Holders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Holders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of any particular territory or any political subdivision thereof and the Trustee shall not be entitled to require, nor shall any Holder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Holders except to the extent already

The mutilated or defaced Global Security must be surrendered before any replacement Global Security will be issued.

14. Trustee

Any Notice delivered to Euroclear Netherlands shall be deemed to have been given to the Holders on the day on which such notice is so delivered.

Any such Comparable Floating Securities shall be constituted by a deed supplemental to the Trust Deed.

17. Agents

The Issuer will procure that there shall at all times be a Calculation Agent and a Principal Paying Agent so long as any Comparable Floating Security is outstanding. Neither the termination of the appointment of a Calculation Agent or the Principal Paying Agent nor the resignation of either will be effective without a successor having been appointed.

All calculations and determinations made by the Calculation Agent or the Principal Paying Agent in relation to the Comparable Floating Securities shall (save in the case of manifest error) be final and binding on the Issuer, the Trustee, the Paying Agents and the Holders.

None of the Issuer, the Trustee and the Paying Agents shall have any responsibility to any person for any errors or omissions in any calculation by the Calculation Agent.

Interests in the Global Security will be transferable only in accordance with the provisions of the WGE and the rules and procedures for the time being of Euroclear Netherlands and its participants (*aangesloten instellingen*) and all transactions in (including transfer of) the Comparable Fixed Securities, in the open market or otherwise, must be effected through participants of Euroclear Netherlands. The bearer of the Global Security will be the only person entitled to receive payments in respect of the Global Security. Each person who is for the time being shown in the records of Euroclear Netherlands or any of its participants as the holder of a particular nominal amount of such Comparable Fixed Securities (in which regard any certificate or other document issued by Euroclear Netherlands or such participant as to the nominal amounts of Securities standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer and the Paying Agents as the holder of such nominal amount of such Comparable Fixed Securities for all purposes other than with respect to the payment of principal or interest on the Comparable Fixed Securities, for which purpose the bearer of the Global Security shall be treated by the Issuer and the Paying Agents as the holder of such Comparable Fixed Securities in accordance with and subject to the terms of the Global Security (and the term “**Holder**” shall have the corresponding meanings).

2. Status and Guarantee

(a) *Status and Subordination of the Comparable Fixed Securities:* The Comparable Fixed Securities constitute direct, unsecured, subordinated securities of the Issuer and rank *pari passu* without any preference among themselves. The rights and claims of the Holders under the Comparable Fixed Securities are subordinated to the claims of Senior Creditors of the Issuer, present and

future.

- (b) (i) *Conditions to payments by the Issuer:* Payments in respect of the Comparable Fixed Securities (and application of the proceeds of the issue of Payment Capital Securities in accordance with Condition 6) are conditional upon the Guarantor not being subject to a Regulatory Event at the time of the relevant payment (or at the time of application of the proceeds of the issue of such Payment Capital Securities) and no principal or Payments shall be payable in respect of the Comparable Fixed Securities (including application of the proceeds of the issue of Payment Capital Securities in accordance with Condition 6) except to the extent that the Guarantor is not subject to a Regulatory Event and could make such payment (or apply the proceeds of such issue of Payment Capital Securities) and still not be subject to a Regulatory Event within a reasonable period of time after payment of such principal or Payment was scheduled to be made, as notified by the DNB.

For the purposes of this Condition 2(b)(i) any reference to a payment by the Issuer in respect of a Comparable Fixed Security shall be deemed to include a redemption or purchase of such Comparable Fixed Security by the Issuer.

- (ii) *Winding-Up Claims of the Issuer:* Amounts in respect of principal or Payments in respect of which the conditions referred to in Condition 2(b)(i) are not satisfied on the date upon which the same would otherwise be due and payable (“**Winding-Up Claims**”) will be payable by the Issuer in a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer as provided in Condition 3 and on any redemption pursuant to Condition 7(b), 7(c), or 7(d). A Winding-Up Claim shall not bear interest.
- (iii) *Set-off:* Subject to applicable law, no Holder may exercise or claim any right of set-off in respect of any amount owed to it by the Issuer arising under or in connection with the Comparable Fixed Securities and each Holder shall, by virtue of being the bearer of any Comparable Fixed Security, be deemed to have waived all such rights of set-off.
- (c) *Guarantee*

Subject to the terms of the Guarantee, the Guarantor has irrevocably and unconditionally agreed to guarantee on a subordinated basis the Issuer's payment obligations under the Comparable Fixed Securities as, if and when the same become due.

3. **Winding-up**

If at any time an order is made, or an effective resolution is passed, for the winding-up (*faillissement of vereffening na ontbinding*) of the Issuer (except in any such case a solvent winding-up solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a successor in business (as defined in the Trust Deed) of the Issuer, the terms of which reconstruction, amalgamation or substitution have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed)), a winding-up amount shall be payable by the Issuer in respect of each Comparable Fixed Security (in lieu of any other payment by the Issuer). The Comparable Fixed Securities will rank on a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer in priority to distributions on any Ordinary Shares and will rank *pari passu* with each other and among themselves, but will be subordinated in right of payment to the claims of Senior Creditors of the Issuer, present and future.

In a winding-up (*faillissement of vereffening na ontbinding*) of the Issuer, Holders of the Comparable Fixed Securities will only have a claim for payment in full or part of principal and Deferred Coupon Payments, if any, to the extent that distributable assets of the Issuer are sufficient to pay in full or part such amount of principal and such Deferred Coupon Payments.

4. Deferrals and Mandatory Payments

The Issuer must make each Coupon Payment on the relevant Coupon Payment Date subject to and in accordance with these Terms and Conditions. Without prejudice to the generality of Condition 2 and subject to Condition 4(b), the Issuer must defer a Coupon Payment and any other Payment in the following circumstances:

(a) *Mandatory Deferral of Payments*

- (i) Subject to Condition 4(b), if, on the 20th Business Day preceding the date on which any Payment would, in the absence of deferral in accordance with this Condition 4(a)(i), be due and payable, the Mandatory Deferral Condition is met, any such Payment shall (subject to Condition 6) be deferred by the Issuer giving notice in writing (a “**Mandatory Deferral Notice**”) to the Trustee, the Holders (in accordance with Condition 15), the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to such due date.
- (ii) The Issuer may elect to satisfy any Payment deferred under Condition 4(a)(i) (provided that, at the time of satisfying such payment, the Mandatory Deferral Condition fails to be met) by delivering a notice to the Trustee, the Holders, the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to the relevant Deferred Coupon Satisfaction Date that it will satisfy such Payment on such date.
- (ii) If any Payment is deferred pursuant to this Condition 4(a) then no amount will be payable by way of interest on any such deferred Payment, save as provided in Condition 6(d).

Any such deferred Payment shall be satisfied from the proceeds of the issue of Payment Capital Securities in accordance with Condition 6.

(b) *Dividend Pusher*

The Issuer will be required to make payments on the Comparable Fixed Securities in the following circumstances:

- (i) If any Payment is deferred pursuant to Condition 4(a) and a Mandatory Payment Event or a Mandatory Partial Payment Event occurs in respect of the Issuer or the Guarantor, then any Deferred Coupon Payments will become mandatorily due and payable in full on the date of the Mandatory Payment Event or Mandatory Partial Payment Event, notwithstanding any further Mandatory Deferral Notice or an occurrence or continuance of the Mandatory Deferral Condition.
- (ii) The Issuer may satisfy its obligations to pay any Deferred Coupon Payment as referred to in Condition 4(b)(i) above only in accordance with the Alternative Coupon Satisfaction Mechanism. For the avoidance of doubt the Issuer will not be required to utilise the Alternative Coupon Satisfaction Mechanism in order to satisfy its obligation to pay any Mandatory Partial Payment payable on a date that coincides with the date on which such Deferred Coupon Payment has become mandatorily due and payable in full.

(c) *Dividend Stopper*

The Issuer has agreed that if it defers a payment for any reason as described above then, while any payment is so deferred, it will not recommend to its shareholder(s) and, to the fullest extent permitted by applicable law, will otherwise act to prevent, any action that would constitute a Mandatory Payment Event or Mandatory Partial Payment Event.

5. Coupon Payments

(a) *Coupon Payment Dates*

The Comparable Fixed Securities bear interest at 6.25 per cent. per annum (the "**Coupon Rate**"). Such interest will (subject to Conditions 2(b)(i), 4(a) and 6(d)) be payable on each Coupon Payment Date. Each Comparable Fixed Security will cease to bear interest from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused. In such event, it shall continue to bear interest at the prevailing rate in accordance with this Condition (both before and after judgment) as provided in the Trust Deed.

If any Coupon Payment Date would otherwise fall on a day which is not a Business Day it shall be postponed to the next Business Day unless it would then fall into the next calendar month in which event the Coupon Payment Date shall be brought forward to the preceding Business Day. The amount of the relevant Coupon Payment shall not be adjusted as a result.

(b) *Determination of Coupon Rate*

Whenever it is necessary to calculate the amount of interest in respect of any Comparable Fixed Security, such interest shall be calculated by applying the Coupon Rate to the principal amount of such Comparable Fixed Security, multiplying such sum by the Day Count Fraction and rounding the resultant figure to the nearest cent, half a cent being rounded upwards.

(c) *Determination or Calculation by Trustee*

If the Calculation Agent does not at any time for any reason calculate a Coupon Amount in accordance with Condition 5(b), the Trustee or an agent on its behalf shall do so and such determination or calculation shall be deemed to have been made by the Calculation Agent. In doing so, the Trustee or such agent shall apply the foregoing provisions of this Condition, with any necessary consequential amendments, to the extent that, in its opinion, it or such agent can do so, and in all other respects it or such agent shall do so in such manner as it shall deem fair and reasonable in all the circumstances. All determinations or calculations made or obtained for the purposes of the provisions of this Condition 5(c) by or on behalf of the Trustee, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Calculation Agent, the Paying Agents and all Holders and (in the absence of wilful default or bad faith) no liability to the Issuer, the Holders shall attach to the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

6. Alternative Coupon Satisfaction Mechanism

(a) *Alternative Coupon Satisfaction Mechanism*

If payment of any Deferred Coupon Payment is to be made on any Deferred Coupon Satisfaction Date, it will be satisfied using the Alternative Coupon Satisfaction Mechanism. In addition, the Issuer may elect at any time to satisfy its obligation to make any Payment (other than Deferred Coupon Payments or a payment of principal) to Holders by using the Alternative Coupon Satisfaction Mechanism. "**Alternative Coupon Satisfaction Mechanism**" means that the relevant payment is satisfied from the proceeds of the issue by the Issuer of such amount of Payment Capital Securities as may be required to provide cash issue proceeds sufficient to enable the Issuer to pay the relevant Payment in full, in accordance with and subject to the following provisions of this Condition 6. Holders of the Comparable Fixed Securities will always receive payments made in respect of Securities in cash.

If the Issuer uses the Alternative Coupon Satisfaction Mechanism, the Issuer shall notify the Trustee, the Holders, the Principal Paying Agent and the Calculation Agent not less than 16 Business Days prior to the relevant Coupon Payment Date. To the extent that the Alternative Coupon Satisfaction Mechanism is not used to make any Payment, subject to Condition 4(a) (*Mandatory Deferral of Payments*), such Payment must be satisfied in accordance with Condition 8(a).

(b) *Issue of Payment Capital Securities*

If any Payment is to be satisfied in accordance with the Alternative Coupon Satisfaction Mechanism then, subject to Condition 6(d):

- (i) by close of business on or before the seventh Business Day prior to the relevant Coupon Payment Date or Deferred Coupon Satisfaction Date the Issuer will issue such number of Payment Capital Securities as, in the determination of the Issuer, have a market value of not less than the relevant Payment to be satisfied in accordance with this Condition 6;
- (ii) if, after the operation of the above procedures, there would in the opinion of the Issuer be a shortfall on the date on which the relevant Payment is due, the Issuer shall issue further Payment Capital Securities in accordance with the provisions of the Trust Deed to ensure that a sum at least equal to the relevant Payment is available to make the Payment in full on the relevant due date provided that if, despite the operation of the aforementioned provisions, such a shortfall exists on the relevant due date the Issuer will in accordance with the provisions of the Trust Deed continue to issue Payment Capital Securities until the Principal Paying Agent shall have received funds equal to the full amount of such shortfall.
- (iii) If the Issuer fails, by the date or time specified, to make any of the determinations as to the number of Payment Capital Securities required to be issued, as described in paragraphs (i) and (ii) above, the Trustee shall appoint the Calculation Agent to perform such obligations.

(c) *Receipt of cash proceeds in respect of Issue of Payment Capital Securities satisfies Payment*

Where the Issuer either elects or is required to satisfy a Payment by means of the Alternative Coupon Satisfaction Mechanism and in accordance with its obligations under the Trust Deed issues Payment Capital Securities, the cash proceeds of such issue by the Issuer shall, subject to Condition 6(b)(iii) and 6(d), be used to satisfy the relevant Payment or, as the case may be, in the circumstances referred to in (d) below, the relevant part of such Payment. The proceeds of sale of Payment Capital Securities in accordance with this Condition 6 shall be paid by the Principal Paying Agent to the Holders in respect of the relevant Payment.

(d) *Market Disruption*

Notwithstanding the provisions of Condition 6(b), if there exists, in the opinion of the Issuer (subject, where necessary, to determinations made by the Calculation Agent) a Market Disruption Event on or after the 15th Business Day preceding any date upon which a Payment is due to be made or satisfied in accordance with this Condition 6, then the Issuer may give notice in writing to the Trustee, the Principal Paying Agent, the Calculation Agent and the Holders (in accordance with Condition 15) as soon as practicable after the relevant Market Disruption Event has arisen or occurred, whereupon the relevant Payment shall be deferred until such time as (in the opinion of the Issuer) the Market Disruption Event no longer exists.

Any such Payment deferred in accordance with this Condition 6(d) will be paid as soon as practicable following such time as, in the opinion of the Issuer, the Market Disruption Event no longer exists. Interest shall not accrue on such deferred Payment unless, as a consequence of the existence of a Market Disruption Event, the Issuer does not make the relevant Payment for a period of 14 days or more after the due date therefor, in which case interest shall accrue on such deferred Payment from (and including) the date on which the relevant Payment was originally due to have been made to (but excluding) the date on which such Payment is actually made. Any such interest shall accrue at the Applicable Coupon Rate and shall be satisfied only in accordance with this Condition 6 and as soon as reasonably practicable after the relevant deferred Payment is made. No liability shall attach to the Trustee or its agents if, as a result of a Market Disruption Event or any other event outside the control of the Trustee or any such agent, the Trustee or any such agent is unable to comply with the provisions of Condition 6(b).

(e) *Issuer certification to Trustee*

The Issuer will certify to the Trustee that the proceeds used to make any Deferred Coupon Payment have been funded through the issue of a sufficient amount of Payment Capital Securities.

7. Redemption and Purchases

(a) *No Fixed Redemption Date*

The Comparable Fixed Securities are perpetual securities in respect of which there is no fixed redemption date and the Issuer shall (subject to the provisions of Conditions 2 and 3 and without prejudice to the provisions of Condition 11) only have the right to redeem the Comparable Fixed Securities in accordance with the following provisions of this Condition 7.

(b) *Issuer's Call Option*

Subject to Condition 2(b)(i), the Issuer may, subject to the prior consent of the Regulator and by giving not less than 30 nor more than 60 days' prior notice to the Holders in accordance with Condition 15 and to the Principal Paying Agent and the Trustee, which notice shall be irrevocable, elect to redeem all, but not some only, of the Comparable Fixed Securities on the Coupon Payment Date falling on 30 September 2009 or any Coupon Payment Date falling thereafter at their principal amount together with any Outstanding Payments.

(c) *Modification or Conversion due to Taxation*

If the Issuer satisfies the Trustee immediately prior to the giving of the notice referred to below that, on the next due date for a Payment:

- (i) the Issuer would, for reasons outside its control, be unable to make such Payment without being required to pay additional amounts as provided or referred to in Condition 10; or
- (ii) payments of amounts in respect of interest on the Comparable Fixed Securities including, for the avoidance of doubt, the issue of Payment Capital Securities pursuant to Condition 6, may be treated as "distributions" within the meaning of Section II of the Dividend Withholding Tax Act 1965 (*Wet op de dividendbelasting 1965*) (or such other Section and/or Act as may from time to time supersede or replace Section II of the Dividend Withholding Tax Act 1965 for the purposes of such definition) and such requirement or circumstance cannot be avoided by the Issuer taking such measures as it (acting in good faith) deems appropriate; or

- (iii) as a result of any change in or proposed change in, or amendment to or proposed amendment to, the laws of the Netherlands or any political subdivision or authority thereof having power to tax, or any change in or proposed change in the application of official or generally published interpretation of such laws, or any interpretation or pronouncement by any relevant tax authority that provides for a position with respect to such law or regulations that differs from the previously generally accepted position in relation to similar transactions or which differs from any specific written confirmation given by a tax authority in respect of the Comparable Fixed Securities, which change or amendment becomes, or would become, effective, or in the case of a change or proposed change in law if such change is enacted (or, in the case of a proposed change, is expected to be enacted) by Act of Parliament or made by Statutory Instrument on or after 14 July 2009, there is more than an insubstantial risk that the Issuer will not obtain full or substantially full relief for the purposes of Dutch corporation tax for any payment of interest including, for the avoidance of doubt, where the Payment is to be satisfied by the issue of Payment Capital Securities,

(each a **Tax Event**) then the Issuer may (and subject to Condition 2(b)(i) and to the prior consent of the Regulator), having given not less than 30 nor more than 60 days' prior notice to the Trustee, the Principal Paying Agent and, in accordance with Condition 15, the Holders (which notice shall be irrevocable), subject to compliance with applicable regulatory requirements, modify the terms of the Comparable Fixed Securities or convert or exchange the Comparable Fixed Securities in whole (but not in part) into another series of capital securities having materially the same terms as the Comparable Fixed Securities and which are no less favourable to an investor than the terms of the Comparable Fixed Securities then prevailing. The Issuer is permitted to satisfy its obligation to pay any Deferred Coupon Payment due upon conversion only in accordance with the Alternative Coupon Satisfaction Mechanism.

Prior to the publication of any notice of modification or conversion pursuant to this Condition 7(c), the Issuer shall deliver to the Trustee a certificate signed by a member of the Management Board of the Issuer stating that the relevant requirements or circumstances referred to in subparagraphs (i), (ii) or (iii) above is satisfied and the Trustee shall be entitled, without further investigation or enquiry, to accept such certificate as sufficient evidence of the satisfaction of the conditions precedent set out above, in which event it shall be conclusive and binding on the Holders.

(d) *Modification or Conversion for Regulatory Purposes*

If the Issuer notifies the Trustee immediately prior to the giving notice referred to below that the Regulator has determined that securities of the nature of the Comparable Fixed Securities cease to qualify as Tier 1 Capital of the Issuer (or instruments of a similar nature which qualify as core capital) for the purposes of applicable capital adequacy regulations (a "**Capital Disqualification Event**"), then the Issuer may, subject to the prior consent of the Regulator and subject to Condition 2(b)(i)), having given not less than 30 nor more than 60 days' prior notice (which notice shall be irrevocable) to the Trustee, the Principal Paying Agent and, in accordance with Condition 15, the Holders, subject to compliance with applicable regulatory requirements, modify the terms of the Comparable Fixed Securities or convert or exchange the Comparable Fixed Securities in whole (but not in part) into another series of capital securities having materially the same terms as the Comparable Fixed Securities and which are no less favourable to an investor than the terms of the Comparable Fixed Securities then prevailing. The Issuer is permitted to satisfy its obligation to pay any Deferred Coupon Payment due upon conversion only in accordance with the Alternative Coupon Satisfaction Mechanism.

(e) *Purchases*

The Issuer, may (subject to Condition 2(b)(i)) at any time purchase Securities in any manner and at any price. Securities purchased by the Issuer may be held, reissued, resold or, at the option of the Issuer, be cancelled.

(f) *Cancellation*

Cancellation of any Comparable Fixed Securities will be effected by reduction in the principal amount of the Global Security and such cancelled Securities may not be reissued or resold. The obligations of the Issuer in respect of any such cancelled Securities, shall be discharged.

8. Payments

A record of each payment will be endorsed on the appropriate part of the schedule to the Global Security by or on behalf of the Paying Agent, which endorsement shall be *prima facie* evidence that such payment has been made in respect of the Comparable Fixed Securities.

- (ii) The names of the initial Paying Agents and their initial specified offices are set out below. The Issuer reserves the right, subject to the prior written approval of the Trustee, at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents provided that it will at all times maintain (x) a Paying Agent having a specified office in the Netherlands (y) for so long as the Comparable Fixed Securities are listed on the Official Segment of the Stock Market of Euronext Amsterdam N.V., or any other stock exchange or regulated securities market, and the rules of such exchange or securities market so require, a Paying Agent having a specified office in such location as the rules of such exchange or securities market may require and (z) if a European Union Directive on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 comes into force, a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to such Directive. Notice of any such termination or appointment and of any change in the specified offices of the Paying Agents will be given to the Holders in accordance with Condition 15.

No further interest or other payment will be made as a consequence of the day on which the Global Security may be presented for payment under this paragraph falling after the due date.

9. Non-Payment when Due

Notwithstanding any of the provisions below in this Condition 9, the right to institute winding-up proceedings against the Issuer is limited to circumstances where payment has become due. Pursuant to Condition 2(b) and subject as provided in the next sentence, no principal or Payment will be due if the Guarantor is subject to a Regulatory Event or would be subject to a Regulatory Event within a reasonable period of time after payment of such principal or Payment was scheduled to be made, as notified by the DNB. Also, in the case of any Payment, such Payment will not be due if the Issuer is required to defer that Payment pursuant to Condition 4(a) or if the circumstances referred to in Condition 6(d) then apply. The Trust Deed contains provisions entitling the Trustee to claim from the Issuer, inter alia, the fees, expenses and liabilities incurred by the Trustee in carrying out its duties under the Trust Deed. The restrictions on commencing proceedings described below will not apply to any such claim.

- (a) If the Issuer fails to make a payment in respect of the Comparable Fixed Securities for a period of 14 days or more after the date on which such payment is due, the Issuer shall be deemed to be in default under the Trust Deed and the Comparable Fixed Securities, and the Trustee may, notwithstanding the provisions of paragraph (b) of this Condition 9, institute proceedings (in its own name but on behalf of Holders of the Comparable Fixed Securities) in the Netherlands (but not elsewhere) for the winding-up (*faillissement*) of the Issuer.
- (b) Subject as provided in Condition 9, the Trustee may at its discretion and without further notice institute such proceedings against the Issuer as it may think fit to enforce any term or condition binding on the Issuer under the Trust Deed, the Comparable Fixed Securities (other than for the payment of any principal or satisfaction of any Payments in respect of the Comparable Fixed Securities, including any payment under clause 2.5 of the Trust Deed); provided that the Issuer shall not by virtue of the institution of any such proceedings be obliged to pay any sum or sums, in cash or otherwise, sooner than the same would otherwise have been payable by it.
- (c) The Trustee shall not be bound to take any of the actions referred to in paragraph (a) or (b) above against the Issuer to enforce any term or condition binding on the Issuer under the Trust Deed or the Comparable Fixed Securities unless (i) it shall have been requested to do so by an Extraordinary Resolution (as defined in the Trust Deed) or in writing by the holders of at least one-fifth in principal amount of the Comparable Fixed Securities then outstanding and (ii) it shall have been indemnified to its satisfaction.
- (d) No Holder shall be entitled to proceed directly against the Issuer, or to institute proceedings for the winding-up (*faillissement*) of the Issuer or to prove in such winding-up unless the Trustee, having become so bound to proceed or being able to prove in such winding-up, fails to do so within a reasonable period and such failure shall be continuing, in which case the Holder shall have only such rights against the Issuer as those which the Trustee is entitled to exercise. No remedy against the Issuer shall be available to the Trustee or any Holder (i) for the recovery of amounts owing in respect of the Comparable Fixed Securities (including any payment under

clause 2.5 of the Trust Deed), other than the institution of proceedings in the Netherlands (but not elsewhere) for the winding-up (*faillissement*) of the Issuer and/or proving in such winding-up (*faillissement*) and (ii) for the breach of any other term under the Trust Deed or the Comparable Fixed Securities other than as provided in paragraph (b) above.

10. Taxation

All payments by the Issuer of principal, Payments, Mandatory Payments, Mandatory Partial Payments and Winding-Up Claims in respect of the Comparable Fixed Securities will be made without withholding of or deduction for, or on any account of, any present or future taxes, duties, assessments or governmental charges of whatsoever nature imposed or levied by or on behalf of the Netherlands or any political subdivision thereof or by any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event the Issuer will pay such additional amounts as may be necessary in order that the net amounts receivable by Holders after such withholding or deduction shall equal the respective amounts of principal and interest which would have been receivable in respect of the Comparable Fixed Securities in the absence of such withholding or deduction, except that no such additional amounts shall be payable in relation to any payment with respect to any Comparable Fixed Security:

- (i) to, or to a third party on behalf of, a Holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Comparable Fixed Security by reason of such Holder, having some connection with the Netherlands other than the mere holding of such Comparable Fixed Security; or
- (ii) to, or to a third party on behalf of, a Holder if such withholding or deduction may be avoided by complying with any statutory requirement or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority; or
- (iii) to, or to a third party on behalf of, a Holder that is a partnership or a Holder that is not the sole beneficial owner of the Comparable Fixed Security or which holds the Comparable Fixed Security in a fiduciary capacity, to the extent that any of the members of the Issuer, the beneficial owner or the settlor or beneficiary with respect to the fiduciary would not have been entitled to the payment of an additional amount had each of the members of the Issuer, the beneficial owner, settlor or beneficiary (as the case may be) received directly his beneficial or distributive share of the payment; or
- (iv) presented for payment more than 30 days after the Relevant Date except to the extent that the Holder would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days; or
- (v) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Union Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

References in these Terms and Conditions to principal and/or Payments shall be deemed to include any additional amounts which may become payable pursuant to the foregoing provisions or any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

In the event that any Payment is satisfied by using the Alternative Coupon Satisfaction Mechanism, then any additional amounts which are payable shall also be satisfied from the proceeds of the issue of Payment Capital Securities.

11. Prescription

Claims for payment in relation to Securities will become void unless exercised within a period of five years from the due date thereof.

12. Meetings of Holders, Modification, Waiver

The Trust Deed contains provisions for convening meetings of Holders to consider any matter affecting their interests including the modification by Extraordinary Resolution of any of these Terms and Conditions or the Trust Deed. Any Extraordinary Resolution duly passed shall be binding on all Holders (whether or not they were present at the meeting at which such resolution was passed).

In connection with the exercise by it of any of its trusts, powers, authorities and discretions (including, without limitation, any modification, waiver or authorisation), the Trustee shall have regard to the general interests of the Holders as a class and shall not have regard to any interests arising from circumstances particular to individual Holders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise for individual Holders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of any particular territory or any political subdivision thereof and the Trustee shall not be entitled to require, nor shall any Holder be entitled to claim, from the Issuer, the Trustee or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Holders except to the extent already provided for in Condition 10 and/or any undertaking given in addition thereto or in substitution therefor under the Trust Deed.

13. Replacement of the Global Security

Should the Global Security be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent (or such other place of which notice shall have been given in accordance with Condition 15) upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and/or indemnity as the Issuer may reasonably require. The mutilated or defaced Global Security must be surrendered before any replacement Global Security will be issued.

14. Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking any action unless indemnified to its satisfaction. The Trustee is entitled to enter into business transactions with the Issuer, without accounting for any profit resulting therefrom.

15. Notices

Notices to Holders may be given by the delivery of the relevant notice to Euroclear Netherlands and through a press release which will also be made available on the website of the Issuer (www.asrnederland.nl). Any such notice shall be deemed to have been given on the date of the first publication. If publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Trustee may approve. Any Notice delivered to Euroclear Netherlands shall be deemed to have been given to the Holders on the day on which such notice is so delivered.

16. Further Issues

The Issuer is at liberty from time to time without the consent of the Holders to create and issue further Securities ranking *pari passu* in all respects (or in all respects save for the date from which interest

thereon accrues and the amount of the first payment of interest on such further Securities) and so that the same shall be consolidated and form a single series with the outstanding Securities. Any such Comparable Fixed Securities shall be constituted by a deed supplemental to the Trust Deed.

17. Agents

The Issuer will procure that there shall at all times be a Calculation Agent and a Principal Paying Agent so long as any Comparable Fixed Security is outstanding. If either the Calculation Agent or the Principal Paying Agent is unable or unwilling to act as such or if it fails to make a determination or calculation or otherwise fails to perform its duties under these Terms and Conditions or the Agency Agreement, as appropriate, the Issuer shall appoint, on terms acceptable to the Trustee, an independent investment bank acceptable to the Trustee to act as such in its place. Neither the termination of the appointment of a Calculation Agent or the Principal Paying Agent nor the resignation of either will be effective without a successor having been appointed.

All calculations and determinations made by the Calculation Agent or the Principal Paying Agent in relation to the Comparable Fixed Securities shall (save in the case of manifest error) be final and binding on the Issuer, the Trustee, the Paying Agents and the Holders.

None of the Issuer, the Trustee and the Paying Agents shall have any responsibility to any person for any errors or omissions in any calculation by the Calculation Agent.

18. Governing Law and Jurisdiction

- (a) The Trust Deed and the Comparable Fixed Securities are governed by, and shall be construed in accordance with, the laws of the Netherlands.

ASR Levensverzekering N.V. (the "**Guarantor**") will irrevocably and unconditionally agree to pay in full (without duplication), on a subordinated basis, to the Holders, the Guaranteed Payments to the extent set forth herein, as and when due, regardless of any defence, right of setoff or counterclaim which the Issuer may have or assert. The Guarantor's obligations under the Guarantee are independent of the obligations of the Issuer with respect to the Securities and the Guarantor shall be liable as principal and sole obligor under the Guarantee to make the following payments pursuant to the terms hereof (without duplication): (i) any accumulated but unpaid Payments on the Securities and (ii) the redemption amount payable with respect to any Securities called for redemption by the Issuer, in each case plus interest accrued thereon from the date of making the claim under the Guarantee, and in each case subject to the limitations set forth herein (together the "**Guaranteed Payments**").

2. Status

- (a) *Status and Subordination of the Guarantee:* The Guarantee constitutes direct, unsecured, subordinated obligations of the Guarantor. The rights and claims of the Holders under the Guarantee are subordinated to the claims of Senior Creditors of the Guarantor, present and future.

3. Winding-up

If at any time an order is made, or an effective resolution is passed, for the winding-up (*faillissement of vereffening na ontbinding*) of the Guarantor (except in any such case a solvent winding-up solely for the purpose of a reconstruction or amalgamation or the substitution in place of the Guarantor of a successor in business (as defined in the Trust Deed) of the Guarantor, the terms of which reconstruction, amalgamation or substitution have previously been approved in writing by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed)), a winding-up amount shall be payable by the Guarantor in respect of the Guarantee. In a winding-up (*faillissement of vereffening na ontbinding*) of the Guarantor, Holders will only have a claim for payment in full or part of the Guaranteed Payments, if any, to the extent that distributable assets of the Guarantor are sufficient to pay in full or part such Guaranteed Payments.

If the Mandatory Payment Event is a payment on a Junior Security or on a Junior Guarantee or on a security benefiting from a Junior Guarantee which, in each case, is in respect of a semi-annual dividend, then the Coupon Payments payable on only the next two Coupon Payment Dates (instead of the next four Coupon Payment Dates) will be due and payable in full on such Coupon Payment Dates notwithstanding the delivery of any Mandatory Deferral Notice relating to such Coupon Payments or the occurrence or continuance of any Mandatory Deferral Condition.

under the Guarantee without first initiating any legal proceeding against the Issuer or any other person or entity. The Guarantor hereby waives any right or remedy to require that any action be brought against the Issuer or any other person or entity before proceeding against the Guarantor.

10. Amendment

The Guarantee may be modified only with the prior approval of the Holders of not less than a majority of the Securities. The Guarantee may be amended without the consent of the Holders of the Securities to (i) cure any ambiguity, (ii) correct or supplement any provision in the Guarantee that may be defective or inconsistent with any other provision of the Guarantee, (iii) add to the covenants, restrictions or obligations of the Guarantor, (iv) modify, eliminate and add to any provision of the

Guarantee to such extent as may be necessary or desirable; provided that no such amendment shall have a material adverse effect on the rights, preferences or privileges of the Holders of the Securities.

If the Guarantee is amended, notice thereof will be provided in the manner indicated under Condition 15.

11. Governing Law; Jurisdiction

The guarantee will be governed by the laws of The Netherlands. Any claim or proceeding brought by a Holder to enforce the obligations of the Guarantor under the Guarantee shall be brought exclusively in a court of competent jurisdiction in The Netherlands.

NETHERLANDS TAXATION

General

The following summary describes the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Securities, but does not purport to be a comprehensive description of all Netherlands tax considerations thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Securities.

This summary is based on the tax legislation, published case law, treaties, regulations and published policy, in force as of the date of this Prospectus, though it does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands tax consequences for:

- (i) holders of Securities holding a substantial interest (*aanmerkelijk belang*) in the Issuer. Generally speaking, a holder of Securities holds a substantial interest in the Issuer, if such holder of Securities, alone or, where such holder is an individual, together with his or her partner (statutory defined term) or certain other related persons, directly or indirectly, holds (i) an interest of 5 % or more of the total issued capital of the Issuer or of 5 % or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;
- (ii) investment institutions (*fiscale beleggingsinstellingen*); and
- (iii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are exempt from Netherlands corporate income tax.

Withholding tax

All payments made by the Issuer under the Securities may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and individual income tax

- (a) Residents of the Netherlands

If a holder is resident or deemed to be resident of the Netherlands for Netherlands tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of its enterprise to which the Securities are attributable, income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are generally taxable in the Netherlands (up to a maximum rate of 25.5%).

If an individual holder is resident or deemed to be resident of the Netherlands for Netherlands tax purposes (including the individual holder who has opted to be taxed as a resident of the Netherlands), income derived from the Securities and gains realised upon the redemption, settlement or disposal of the Securities are taxable at the progressive rates of the Netherlands income tax act 2001 (up to a maximum rate of 52%), if:

- (i) the holder has an enterprise (*ondernemer*) or an interest in an enterprise (*medegerechtigde*), to which enterprise the Securities are attributable; or
- (ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which include the performance of activities with respect to the Securities that exceed regular, active portfolio management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) applies to the holder of the Securities, taxable income with regard to the Securities must be determined on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments has been fixed at a rate of 4% of the average of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year and the individual's yield basis at the end of the calendar year, insofar as the average exceeds a certain threshold. The average of the individual's yield basis is determined as the fair market value of certain qualifying assets held by the holder of the Securities less the fair market value of certain qualifying liabilities on 1 January and 31 December, divided by two. The fair market value of the Securities will be included as an asset in the individual's yield basis. The deemed return on income from savings and investments of 4% will be taxed at a rate of 30 %.

(b) Non-residents of the Netherlands

If a holder is not a resident nor deemed to be a resident of the Netherlands for Netherlands tax purposes (nor has opted to be taxed as a resident of the Netherlands), such holder is not taxable in respect of income derived from the Securities and gains realised upon the settlement, redemption or disposal of the Securities, except:

- (i) if the holder is not an individual and such holder (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, that is effectively managed in the Netherlands (other than by way of securities) and to which enterprise the Securities are attributable.

This income is subject to Netherlands corporate income tax up to a maximum rate of 25.5%.

- (ii) if the holder is an individual and such holder (1) has an enterprise or an interest in an enterprise that is in whole or in part carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Securities are attributable, or (2) realizes income or gains with respect to the Securities that qualify as income from miscellaneous activities in the Netherlands, which activities include the performance of activities in the Netherlands with respect to the Securities that exceed regular, active portfolio management, or (3) is entitled to a share in the profits of an enterprise that is effectively managed in the Netherlands (other than by way of securities or an employment contract) and to which enterprise the Securities are attributable.

Income derived from the Securities as specified under (1) and (2) by an individual is subject to individual income tax up to a maximum rate of 52%. Income derived from the Securities as specified under (3) will be taxed at a rate of 30 % over the 4% deemed return on income from savings and investments.

Gift and Inheritance taxes

(c) Residents of the Netherlands

Generally, gift and inheritance taxes will be due in the Netherlands in respect of the acquisition of the Securities by way of a gift by, or on the death of, a holder that is a resident or deemed to be a resident of the Netherlands for the purposes of Netherlands gift and inheritance tax at the time of the gift or his or her death.

A holder of the Netherlands nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax, if he or she has been resident in the Netherlands during the ten years preceding the gift or his or her death. A holder of any other nationality is deemed to be a resident of the Netherlands for the purposes of the Netherlands gift tax if he or she has been resident in the Netherlands at any time during the twelve months preceding the time of the gift. The same twelve-month rule may apply to entities that have transferred their seat of residence out of the Netherlands.

(d) Non-residents of the Netherlands

No gift or inheritance taxes will arise in the Netherlands in respect of the acquisition of the Securities by way of gift by or as a result of the death of a holder that is neither a resident nor deemed to be a resident of the Netherlands for the purposes of the Netherlands gift and inheritance tax, unless:

- (i) such holder at the time of the gift, or at the time of his or her death, has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands and to which permanent establishment or a permanent representative, the Securities are (deemed to be) attributable; or
- (ii) in the case of a gift of the Securities by a holder who at the date of the gift was neither a resident nor deemed to be a resident of the Netherlands, such holder dies within 180 days after the date of the gift, while at the time of his or her death being a resident or deemed to be a resident of the Netherlands.

Value added tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Securities or in respect of the cash payment made under the Securities, or in respect of a transfer of Securities.

Other taxes and duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty, will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Securities.

EU Savings Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such

transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries).

Also with effect from 1st July, 2005, a number of non-EU countries including Switzerland, and certain dependent or associated territories of certain Member States have agreed to adopt similar measures (either provision of information or transitional withholding) (a withholding system in the case of Switzerland) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident in one of those territories.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the Directive, which included the Commission's advice on the need for changes to the Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the Directive, which included a number of suggested changes. If any of those proposed changes are made in relation to the Directive, they may amend or broaden the scope of the requirements described above.

OFFER RESTRICTIONS

Coöperatieve Centrale Raiffeisen-Boerenleenbank B.A. (Rabobank International) and UBS Limited (together the “**Dealer Managers**”) have agreed to act as dealer managers in respect of the Exchange Offer and the issue of the Securities under a dealer manager agreement entered into by the Dealer Managers and the Issuer on 17 July 2009.

United States

The Securities have not been and will not be registered under the US Securities Act of 1933, as amended (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, US persons except in certain transactions exempt from or not subject to the registration requirements of the Securities Act.

Each Dealer Manager has agreed that it will not offer, sell or deliver Securities (i) as part of their distribution at any time, and (ii) otherwise until 40 days after the completion of the distribution of the Securities within the United States or to, or for the account or benefit of, US persons, and that it will have sent to each dealer to which it sells Securities during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Securities within the United States or to, or for the account or benefit of US persons. The terms used in the preceding paragraph and in this paragraph have the meaning assigned to them by Regulation S under the Securities Act.

The Securities are subject to US tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a US person, except in certain transactions permitted by US tax regulations. Terms used in this paragraph have the meanings assigned to them by the US Internal Revenue Code of 1986, as amended and US Treasury regulations issued thereunder.

In addition, until 40 days after the completion of the distribution of all Securities, an offer or sale of Securities within the United States by any Dealer Manager (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

European Economic Area

In relation to each Member State of the EEA which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), each Dealer Manager has represented and agreed that, with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”), it has not made and will not make an offer of Securities to the public in that Relevant Member State, except that it may, with effect from and including the Relevant Implementation Date, make an offer of Notes to the public in that Relevant Member State:

- (a) to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than EUR 43,000,000 and (3) an annual net turnover of more than EUR 50,000,000, as shown in its last annual or consolidated accounts;
- (c) to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive); or
- (d) in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Securities shall require the Issuer or any Dealer Manager to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of Securities to the public” in relation to any Securities in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Securities to be offered so as to enable an investor to decide to purchase or subscribe the Securities, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "Prospectus Directive" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

United Kingdom

Each Dealer Manager has represented and agreed that:

- (i) it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 (the "FSMA") with respect to anything done by it in relation to the Securities in, from or otherwise involving the United Kingdom; and
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue of the Securities in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer.
